# How to measure KITCHEN COUNTERTOPS

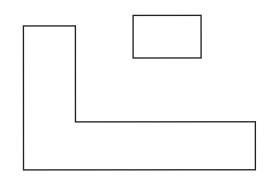

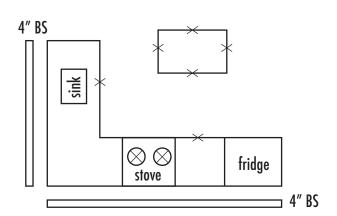

Items needed: Pen, Paper, Tape Measure

### **STEP 1: MAKE A DIAGRAM**

Sketch the basic shapes in the area.

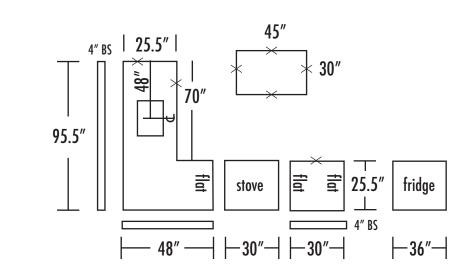

## **STEP 2: MARK LOCATIONS**

Mark the locations of the sink, dishwasher, fridge, stove, window, backsplash, and polish edge.

## **STEP 3: MEASURE DIMENSIONS**

Use your measuring tape to find the length of each side and write down the measurement next to the corresponding location on your diagram.

## **STEP 4: CONTACT US**

Call 240.625.9055 or visit us at 286 Langston Blvd, Martinsburg, WV 25404.
